

YEAR 3 Maths 'at a glance'

Number: Number & Place Value	Number: Addition & Subtraction	Number: Multiplication & Division
<ul style="list-style-type: none"> count from 0 in multiples of 4, 8, 50 and 100; find 10 or 100 more or less than a given number. recognise the place value of each digit in a three-digit number (hundreds, tens, ones) compare and order numbers up to 1000 identify, represent and estimate numbers using different representations read and write numbers up to 1000 in numerals and in words solve number problems and practical problems involving these ideas. 	<p>Add and subtract numbers mentally, including:</p> <ul style="list-style-type: none"> a three digit number and ones a three-digit number and tens a three-digit number and hundreds <p>add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction</p> <ul style="list-style-type: none"> estimate the answer to a calculation and use inverse operations to check answers solve problems, including missing number problems, using number facts, place value and more complex addition and subtraction 	<ul style="list-style-type: none"> recall and use multiplication and division facts for the 3, 4, and 8 multiplication tables write and calculate mathematical statements for multiplication and division using the multiplication tables that they know, including for two digit numbers times one-digit numbers using mental and progressing to formal written methods solve problem, including missing number problems, involving multiplication and division, including positive integer scaling problems and correspondence problems in which n objects are connected to m objects.
Number: Fractions		Geometry: Properties of Shapes
<ul style="list-style-type: none"> count up and down in tenths; recognise that tenths arise from dividing an object into 10 equal parts and in dividing one-digit numbers or quantities by 10 recognise, find and write fractions of a discrete set of objects: unit fractions and no-unit fractions with small denominators recognise and use fractions as numbers: unit fractions and no-unit fractions with small denominators recognise and show, using diagrams, equivalent fractions with small denominators add and subtract fractions with the same denominator within one whole (e.g. $5/7 + 1/7 = 6/7$) compare and order unit fractions and fractions with the same denominator solve problems that involve all of the above. 		<ul style="list-style-type: none"> draw 2D shapes and make 3D shapes using modelling materials; recognise 3D shapes in different orientations and describe them recognise angles as a property of shape or a description of turn identify right angles, recognise that two right angles make a half turn, three make three quarters of a turn and four a complete turn; identify whether angles are greater than or less than a right angle identify horizontal and vertical lines and pairs of perpendicular and parallel lines.
Measurement		Geometry: Position & Direction
<ul style="list-style-type: none"> measure, compare, add and subtract: lengths (m/cm/mm); mass (kg/g); volume/ capacity (l/ml) measure the perimeter of simple 2D shapes 		<ul style="list-style-type: none">

<ul style="list-style-type: none">• add and subtract amounts of money to give change, using both £ and p in practical contexts• tell and write the time from an analogue clock, including Roman numerals from I to XII, and 12 hour and 24 hour clocks• estimate and read time with increasing accuracy to the nearest minute; record and compare time in terms of seconds, minutes and hours; use vocabulary such as o'clock, a.m./ p.m., morning, afternoon, noon and midnight• know the number of seconds in a minute and the number of days in each month, year and leap year• compare durations of events (e.g. to calculate the time take by particular events or tasks)	<p style="text-align: center;"><i>Statistics</i></p> <ul style="list-style-type: none">• interpret and present data using bar charts, pictograms and tables• solve one-step and two-step questions (e.g. How many more? and how many fewer?)• using information presented in scaled bar charts and pictograms and tables.
