

Summer term in Y3/4

English

Non Chronological report writing

Linked to our Geography topic this term we will create non chronological reports about natural disasters.

Poetry

The children will dive into the world of the colour catcher and use rhyming poetry to express the importance of colour in the world.

Geography

In the desert

This term the children will research and discover there is more to deserts than just sand and dunes. They will also be able to use maps to identify and name the major deserts of the world.

Computing

In computing we will be looking at internet safety this term. We will discuss and investigate ways in which we can keep ourselves and our friends safe on the internet whenever we searching the world wide web.

Maths

We will be looking at the following topics:

- Fractions
- Time
- Shape
- Statistics
- Money

For more detail about each section please visit the Maths summer over view.

Art & Design

In the second half of the summer term the children will be looking at sculptures by numerous different sculptures.

The children will be able to identify the different techniques used to create these wonderful pieces of art and finish off with creating their very own sculptures.

Music

Learning to listen to changes in pitch, tempo and dynamics and relate it to something tangible and familiar, culminating in a final group performance.

RE

Christianity is the focus of our R.E this term. Specifically, the holey trinity.

The children will research and discover why Christians believe in the holey trinity.

PSHE/ESR

This term the children will discuss and find out what happiness is and if it can have more than one meaning. The children will use self reflection and group discussion/ activities to find out.

PE

This term the children will begin looking at Athletics. Athletics are the oldest form of organized sport, having developed out of the most basic human activities, running, walking, jumping, and throwing.

They are a truly international group of sports, with nearly every country in the world engaging in some form of competition.

MFL

The children will be exploring how to present themselves in Spanish. Using basic words and building them into full sentences once familiarised with the new words.

Science

How plants grow

The children will be looking at plants this term and the importance of plants. The children will be able to name the parts of the plants as well as understand how plants transport water throughout to support the growth of the plant.
